PRESS RELEASE

The Siuslaw Outreach Services (SOS) Board of Directors has voted to create an endowment fund. The funds in the endowment are now invested and, unless there is an emergency need, only the interest will be used for operations expenses. This kind of fund can be very attractive for donors who like to know that a donation will continue to provide support indefinitely. The need for SOS services has continued to grow while some funding sources, such as Lane County, have been facing cutbacks. An endowment fund helps to ensure continuity and sustainability well into the future. Information on donation options can be obtained by calling David Wiegand, Executive Director, at 541-997-2816, ext. 16.
